

YOUR BRIDGE TO THE FUTURE

YOUR PARTNER » UNIVERSITY OF ARKANSAS HOPE-TEXARKANA A 21ST CENTURY MODEL COMMUNITY COLLEGE

The University of Arkansas Hope-Texarkana (UAHT) connects students, community partners and businesses to quality learning through effective educational technologies that offer excellence in training and workforce development and elevation in civic and cultural enrichment.

“UAHT is committed to building and sustaining a highly skilled workforce to support and grow our residents’ opportunities and successful regional businesses and industries. We accomplish that commitment by offering and constantly improving our high quality, skills-driven continuing education, certificate and degree programs. Our campus has a 55-year history of continually improving and expanding our course offerings in high-demand industries such as manufacturing, health and information technology. By partnering with industry, we know we are not only helping our students, we are helping grow our economy.”

- LAURA CLARK, INTERIM CHANCELLOR

Understanding the importance of hands-on experience, the College boasts a RankineCycler steam turbine engine lab in the Technical and Industrial Division allowing students to see firsthand flame tubes, fuel nozzles, and igniters.

**100% OF PARAMEDICS
85% OF LPNS & 74% OF EMTS**

UAHT prepares graduates to be successful in taking the state or national exams they need to become certified in their chosen field.

HOW WE SHAPE OUR REGION »

The UAHT's **James Black School of Bladesmithing and Historic Trades** celebrates, preserves, and promotes the art of bladesmithing and historic trades, and the birth of the iconic Bowie Knife in Historic Washington. Students at the school will study the art and science of Bladesmithing, Forging, Handles and Guards, Damascus Steel, and more. The School of Bladesmithing reflects the same quality and commitment to excellence in student learning that is the centerpiece of the missions of both the University of Arkansas Hope-Texarkana and the University of Arkansas System.
